sea and the pool, making this room our favorite. The constant entry of natural light thanks to the windows and an excellent orientation to the south east, ensure wonderful days from this room. We continue on the first floor with an office overlooking the pool, laundry, a bathroom and a very spacious and bright kitchen, equipped with top quality appliances.

On the first floor there is also a large terrace where you can enjoy the sea views, a private pool, planters and porch so you can enjoy your day and night plans.

On the second floor we find four large double bedrooms with two covered terraces and unbeatable sea views. Our favorite is the master suite where you have a dressing room and private bathroom. Also on this floor, you have three full bathrooms.

The third floor has two bedrooms, a bathroom and a large solarium terrace with stunning views of the sea, the mountains, Caleta and Torre del Mar. Undoubtedly, luxury views for the reach of very few. The property has installation of solar panels, central air conditioning, and is built with top quality materials and equipped with everything necessary to turn it into a luxury residence: it has its own elevator that connects the house with the garage, bamboo parquet floors.

The house is sold unfurnished.
