### A quiet life in the heart of La Axarquía

Sayalonga has an eminent mountain character that is easily reflected in its customs and traditions. This embellishes the landscape in the same way that the sets of whitewashed facades, the reddish roofs of their houses, the narrow and steep layout of their streets do. The arches and passageways that spice up the urban fabric in some of its corners are another of the treasures of the White Villages of Malaga.

Village house located in the center of the village of Sayalonga (Malaga), a few km from the coast. Close to bars and restaurants, grocery stores, medical center, and all amenities.

On the ground floor we find a lounge room, a spacious living room, independent kitchen, a double bedroom, a bathroom and a fantastic and very spacious porch.
